

# WEEK OF INDONESIA- NETHERLANDS EDUCATION AND RESEARCH

**24-26 November**  
**9:00 - 12:00 Hrs CET**  
**15:00 - 18:00 Hrs WIB**  
**Virtual platform: Zoom**

## **Become a WINNER!**

You are invited to celebrate the longstanding collaboration in research and education between Indonesia and the Netherlands. In WINNER researchers, policy makers and societal stakeholders from Indonesia and the Netherlands share results, ideas and make plans for the future. Only together can we develop the knowledge needed to achieve the Sustainable Development Goals. And only together can we turn this knowledge into practice. Take this chance to join, learn and contribute!

# Programme

The programme consists of a mixture of speakers, panel discussions, talk shows and parallel sessions by and for researchers, educators and policy makers. All sessions are related to 'Achieving the Sustainable Development Goals – From Knowledge to Practice'.

- Welcome addresses with Q&A by **Mr Bambang Brojonegoro**, the Indonesian Minister for Research and Technology and Head of the Coordinating Agency for Research and Innovation, and **Mrs Ingrid van Engelshoven**, the Netherlands' Minister for Education, Culture and Science.
- Celebrate the collaboration and get inspired by keynote speakers **Prof. Daniel Mudiyarso**, Nobel prize laureate **Prof. Ben Feringa** and Indonesian Minister for Education and Culture **Mr Nadiem Makarim**.
- Parallel sessions **by and for researchers, educators and policy makers** – Contribute to a shared approach and collaboration on the topics of public health, biodiversity & sustainable development, renewable energy, water management, culture & justice and adaptation for climate change.
- Talk shows - Get up to speed and **make yourself heard**, e.g. on effective research collaboration or policy responses to the Covid-19 pandemic.
